

# SIZING GUIDE

## MEASUREMENT GUIDELINES

We recommend taking all measurement from existing garments that you know fit well and comparing those measurements to the tables below to find your Tribal size.

**1/2 Chest:** We recommend taking an existing top that you know fits well and taking a straight line measurement across the chest, approximately 1cm below the armpit. Then use the charts below to obtain which size you are in Tribal.

**Length:** We recommend taking the measurements from a garment you already own, otherwise measure in a straight line from the top of the shoulder point to the bottom of the garment.
